

Retail X-tension Brand Highlights

The 6-ft. counter gains an additional 4 ft. in length when the extension is pulled out (SLIDES OUT WITH EASE)

Retail X-tension: Specialty Coffee Café

This product was developed specifically to address food service operators need for compact Portable flexible “pop up” retail opportunities to move to different locations & capture more sales.

Expandable Counter designed with functional “pull out” & retractable counter provides a mobile flexible & small foot print that can be used for; coffee bar, additional lunch line, omelet, exhibition cook station, potato bar, popcorn/donuts, T-shirts/memorabilia, etc.

- Built on the same Multiteria stainless steel tubular body framework for structural integrity; retractable s/s counter slides into main counter for storage & ease of moving
- Over structure with LED light box for “branding” to provide a mobile retail concept
- Light switch & power box on back of unit; prewired with (2) 120V convenience receptacles and one single power cord. We can modify any electrical configuration.
- Create your own concept & outfit with any ancillary components.
Completely Customizable
- Plenty of storage inside cavity
