

Essence New Style Canopy Counter

Essence™ **NEWLY designed Canopy with custom laser lettering**

Another example of how “Multiteria *Leads by Design*”... and how we can create new canopy designs to enhance the retail experience.

Consultant-grade, heavy duty construction with channel base, built on a 100% stainless steel tubular body for structural integrity

- New canopy provides retail concept; with custom laser message (LCD Digital menu board by others)
- Featured counter; 3 hot food wells, 3 drawers on 4’ section on operator’s side
- Counter prewired to a single-point electrical connection.
- Customizing capabilities to suit any counter size or design configuration
- Easily removable front & end panels provide convenient service access or refinish panels for décor update.
- Food shield design converts from service to self-service for service/menu flexibility without use of tools
- Unique TIGHT LINK locking system channel locks two or more counter sections together, eliminating gaps and uneven seams.
- Create your own concept using individual stations or a combination, we have the capability to do any length based on your specification.
